

平成25～令和4年度 水質検査結果 小樽分水(採水地点:小樽分水施設内)

Table with columns for 水質検査項目 (Water Quality Inspection Items), 検査項目 (Inspection Items), 水質検査基準 (Water Quality Inspection Standards), and monitoring points (H29.4.4 to H31.3.6). It includes various chemical and physical parameters like temperature, pH, dissolved oxygen, and heavy metals.

Table titled '水質管理目標設定項目' (Water Quality Management Target Setting Items). It lists 20 items with their respective monitoring points and compliance status (e.g., '達成' for achieved, '未達成' for not achieved).

Table titled '地産検査項目' (Local Production Inspection Items). It lists 10 items related to water quality and safety, such as '電気伝導率' (Electrical Conductivity) and '放射線量' (Radiation Level), with monitoring points and compliance status.

平成25-令和4年度 水質検査結果 小樽分水(採水地点:小樽分水施設内)

Main data table with columns for inspection items, standards, and multiple sampling points (R3.7, R3.8, R3.9, etc.). Rows include parameters like Temperature, pH, Dissolved Oxygen, and various chemical compounds.

Water Quality Management Standard Compliance Table. Columns include sampling points (R3.7, R3.8, etc.) and compliance status (e.g., 'Water Quality Standard', 'Exceeds Standard').

Groundwater Monitoring Table. Columns include sampling points (R3.7, R3.8, etc.) and groundwater quality parameters like electrical conductivity, iron, manganese, etc.

*採水値と目標値の比が1を超えていること
